The initial site was born in the UK already in 2011, and grew up to receive millions of daily visitors after shutdown of megaupload. In May 2016, the website was blocked in the UK by a high court order order. [2] and its apex before a temporary closure at the end of 2016, Alexa Internet has listed Putlocker as a ranking between the first 250 Websites more visited worldwide [3] Pustocker was reported by the Motion Picture Association (MPA) as a greater threat of piracy. [4] The Putlocker domain address has changed several times during its history, with a number of URLs that bear the name of Putlocker suspended or seized. It is not publicly noted if an official fluidist website maintained by the original team remains available online, but at least fifty types of blueberry or proxy websites, many of which use the name of Putlocker, have been identified. The history of the launch and popularity Pustocker are originated in the UK under the URL Putlocker.com. At the beginning of January 2012, the website received about 800,000 visitors a day, but after the popular megaupload website was closed due to copyright infringement, Pustocker started to receive about 1.6 million visitors a day . [5] The manager of website operations, Adrian Petroff, found the closure of megaupload concern, stating "who needs Sopa when an Exec Studio can make a wish / hit list and 'voluntarily' sites closed?" [6] In March 2012, Pustocker was identified by Alfred Perry, Vice President for content protection around the world at Paramount Pictures, as one of the "Top 5 Rogue CyberLocker Services". [7] The URL of the website has been modified in Putlocker.bz, an address that was seized by the crime unit of the UK police intellectual property in June 2014, and subsequently was modified in Putlocker .is, a domain located in Iceland. [8] In 2014, "Putlocker" was reported as one of the best trendy search queries on Google search in Canada for that year. [9] 2016 - Present from about at the beginning of October 2016, the Putlocker.is address displayed an error indicating that the website host service was inaccessible. [10] In this period, the Motion Picture Association Association (MPA) reported Putlocker to the US commercial representative's office as a threat of piracy. The MPA revealed that Pustocker operated by Vietnam and that his servers were hosted by the private layer of the Swiss company. [4] Before its closure, Putlocker.is was listed among the 250 best websites globally and the first 150 in the United States, according to Alexa Data. [3] A mirror site below the Putlocker.Today address appeared shortly after the resolution of Putlocker.is, and on October 17, 2016, a address under the name Putlocker9.com was reported. [3] On November 2, 2016, the Putlocker.is address has become active again, redirecting its users to updated URLs Putlockers.ch. [11] On February 27, 2017, the address of Putlockers.ch was suspended after a sentence by a Tribunal d'Arrondissement of Luxembourg in favor of the Belgian Entertainment Association, and the URL transferred the property in Eurodns [12] [13]. The Chief Legal Officer of Eurodns, Luc Seufer, has What EuroDNS is required to "prevent any" reactivation "of this domain name [puliners.ch] up to its expiry date". Following the seizure of the Putlockers.ch address, the PutLocker.is domain used previously was rendered functional again. [12] In March 2017 it was reported that Ted Osus, then the United States Ambassador in Vietnam, held a meeting with Truong Minh Tuan, the Minister of Information and Communications of Vietnam, during which which one Solicited for the Pustocker criminal process, along with the 123movies and Kisscartoon websites, for copyright infringement. [14] [15] Not long afterwards, Pudker.is, which was changed to Putlockertv.is and then puliners.cc, was reported to redirect visitors to a framing site. [16] In May 2017 at least three work sites have been known with the name of Putlocker: Putlocker.rs, with a high-level Serbian domain (TLD), Putlockerv.ist, with an Istanbuhille TLD and Putlockerhd.is, with a Icelandic. [17] In July 2017, international activity times reported that "15% of Internet users in the UK is violating copyright through illegal streaming or download, with pirated TV material, with pirated television material, yes Access mainly through Kodi (16%) or Putlocker (17%) ". [18] In August 2017, John Nicholas justice of the Federal Court of Australia has ordered Australian Internet service providers to block access to 42 piracy sites in a case brought by the Roadshow village, with Putlocker, Kisscartoon and Gomovies are among those ordered to be blocked. [19] In June 2018, Trevon Maurice Franklin of Fresno, California was declared guilty of violating the federal copyright law in February 2016, when he downloaded the superhero Deadpool of Putlocker and then loaded it to facebook eight days later That the film was released theatrically in the United States. [20] As a result, the film has been viewed over 6 million times for free, with the total value of the copies estimated at around \$ 2,500. [21] The John A. Krontadt district judge set on September 27 as a conviction date for the federal class: a crime crime, which brings a possible penalty up to a year in prison, along with \$ 100,000 well. [20] After leaving on September 27th hearing, [22] Franklin was sentenced in October to 24 days in federal detention followed by a year of supervised release, including 20 hours of Community service per week.
